Tel. (787) 753-5318; (787) 370-5275; Fax (787) 767-7720

January 1989 to present.

Position: Principal

Brief history of private practice and consulting work:

The consulting architectural practice started in the year 1983. Since then, a total of over one hundred and twenty five (125) projects, mainly commercial had been made totaling approximately ten million dollars (\$10,000,000.00). This practice was limited while working primarily with another firm as senior architect.

Later, in January 1989, established a successful private practice as ***Pedro Luis Alfaro, Jr. - Architect & Associates/Alfaro-Del Toro-Architecture***, in order to provide personal professional services to the private and government sectors on a full time basis. Numerous projects of many categories were done since then including green/sustainable design.
